

# Corporate Mission

## CUSTOMERS, PRODUCTS & SERVICES

We do everything we can to make our products and services attractive and thus create added value for our customers and inspire them. Customer benefits, innovation and the highest quality are our top priorities.

## ECONOMIC VIABILITY

While using resources wisely and thoughtfully, we strive for the best possible profitability of the company. We invest in positive development now and in the future.

## EMPLOYEES

Through a good and healthy working atmosphere and environment, performance-related salary, as well as good training and further education, we create the prerequisite to be able to constantly improve the quality of our products and services. We want to inspire our employees for the company.

## SUPPLIERS

For the benefit of both parties, we maintain a long-term cooperation with our suppliers based on partnership and trust.

## ENVIRONMENT

We want to continuously improve our energy efficiency. With conscious material consumption and the use of environmentally friendly materials, we make a significant contribution to the positive development of the environment.

## SOCIAL RESPONSIBILITY

Compliance with laws, guidelines and regulations is binding for us. For the continued existence of the company, we assume social responsibility in the development and expansion of our sites and their surroundings.
