

More information about the *STEELDAYS* Program and registration on our website

The countdown is on. Our in-house exhibition *STEELDAYS* will open its doors from 09.-11. May 2023 at our headquarters in Kirchardt. You will experience powerful band saws, circular saws and automated sawing, drilling and milling systems for industry, trade, steel trade and steel construction up close.

More information about the *STEELDAYS*, the main topics, the agenda of the technical presentations and a registration form can be found on our website: www.behringer.net/steeldays

The teams from BEHRINGER, BEHRINGER EISELE, VERNET BEHRINGER and PARTNERS FOR STEEL look forward to seeing you!

STEELDAYS 2023

FIT FOR FUTURE with Solutions by BEHRINGER

#energy-efficient machines #green steel #resource-saving production
#automation #demographic change #digitalization #sustainable products

Experience our broad portfolio of innovative machines and solutions at our in-house exhibition, which will help you make your production even more efficient. Take advantage of the dialog with our employees for first-hand expert knowledge.

During the three-day exhibition, you can look forward to exciting technical and impulse lectures, hands-on live demonstrations and industry solutions out of the box. There will also be a great opportunity to visit our state-of-the-art iron foundry. Make a note of your attendance now for one of our enjoyable evening events.

We are looking forward to your visit!
